

TOPICS

- Influence of Technological Orientation on Performance of Conventional and Islamic Banking in Kenya
- Firm Characteristics and Performance of Private Health Insurance Sector in Kenya
- Effect of Dynamic Capability on the Performance of Matatu Saccos in Meru County
- Influence of Procurement Practices on SMEs' Growth in Samburu County

International Journal of Business and Strategic Management is a high factor journal published in both printed and online versions by CARI. The objective of the journal is to gather information about inter-dependency of business and situation analysis, strategy formulation, implementation and evaluation. The affordability and low cost of publishing this journal is an added advantage to the upcoming researchers and also useful in seasonal academic studies.
