- Role of Sustainable Supply Chain Management on the Performance of State Corporations in Kenya

International Journal of Supply Chain and Logistics is a high quality peer reviewed journal published both online and printed by CARI. The journal expresses the logistical conditions of supply, innovation, risk handling and procurement. The International Journal of Supply Chain and Logistics aims to offer an international and interdisciplinary forum for research on the subjects of logistics and supply chain development, which are quickly evolving and expanding throughout a broad spectrum of industries.
